ANALYSIS: (Attach a separate page if necessary)

This bill amends AS 11.71.020(a) by including the manufacture, delivery, or possession of methamphetamine or certain chemicals that make up methamphetamine as a misconduct involving a controlled substance in the second degree. The bill defines the possession of six or more grams of certain chemicals used in the manufacture as evidence that the person intended to use the listed chemical to manufacture or assist in the manufacture of methamphetamine. The bill excludes licensed wholesale and retail distributors of drugs; a manufacturer of chemicals or drug products; licensed pharmacists; and licensed health care providers. The bill may increase the number of inmates in custody and may increase sentences for offenders convicted of unlawful activity covered by this legislation, but due to a lack of data and an inability to predict the number of potential prosecutions, the fiscal impact to the Department of Corrections is indeterminate.
